

We would like for you to know we offer an online payment portal where you can pay your child's monthly tuition and gather other financial information! There is a small fee for making payments online, however many of our parents find the convenience of this option outweighs the small fee charged.

This tool is also useful during tax season! You are able to print a report of payments for Before/After Care. You will find that under ***"Purchase History"***. All you would need to do is print this for your tax preparation purposes. If needed for your tax return, the district tax ID number is: **73-6021168**.

Each child has a separate account, receipt history, and username.

To log in to the payment portal, please go to the following website:  
<https://ok-edmond.intouchrecepting.com/>

You will need the following information to establish an account:

- Students district ID number (unique to each student)
- Your password is your students last name with the first letter capitalized (ex: Cook)

You must establish an account before you will be able to make payments online. This process can take between 24-72 hours.  
Tuition cannot be paid or reviewed on a guest account.
